PATRICIAN DAHLIAS

Gladiolus and Roses 1923

INVITATION

Did you ever see a place and wish it was yours? If you have not done this you have missed a great pleasure. We have hoped, dreamed and planned for years and now have realized our dream in the possession of 'Huraco-cas-caggo' our new home. A place of rare beauty, and Indian Tradition, with its fine trees and clear placid lake containing four small islands, surely a splendid setting for the glorious Dahlia. Located right on the Merrick Road on the Westerly rim of the beautiful town of Babylon.

We cordially invite our customers and friends and all lovers of flowers to visit these extensive Show Gardens of 15 acres of Dahlias, where you may see thousands and thousands of beautiful blooms; a riot of color, a sight to behold.

Blooming season August until frost.

You may reach us by motor via the Merrick Road direct to the Gardens, or if you come by R. R. call 447 R, Babylon, and our car will meet you.

Dahlias of New and Recent Introduction

"THE BEST BY TEST"

PIERROT (CACTUS)

CACTUS AND HYBRIDS

Hybrids are denoted by Hyb.

The Hybrid Cactus Dahlias are becoming most popular. They have broader and more massive petals. Many of the largest Dahlias are of this type. They are excellent for cut flowers, and being a hardy variety do well in almost any climate.

GLADIOLUS

Jumbo Bulbs, 1 1/2 Inches and Up

We have grown them for years for the cut flower trade and on account of their growing popularity we have added some of the best to this catalogue. They are of the easiest culture and if planted at intervals of two weeks beginning the latter part of April a succession of bloom will be had from July until frost. Plant 4 inches deep and 6 inches apart. Cultivate and water freely until the buds are well developed and then mulch the ground with litter of grass, old manure, or cornstalks. Protect the stalks from heavy winds by tying to small stakes. Full instructions for growing, storage, etc., with each order.

ROSES

A few lovely hybrid tea roses for the garden which bloom from early Spring until Fall.

Columbia. This rose is a universal favorite. It is a seedling of Ophelia; strong in growth. It is a pleasing shade of rose-pink.

Mrs. Aaron Ward. Wonderfully free flowering Rose, lovely yellow. Its Indian yellow bud, changing color with the expanding flower. Is a universal favorite.

Mme. Butterfly. Resembles Ophelia in formation. Salmon, flesh pink; the pink predominating. Very pretty, strong in growth.

My Lady. The color of this rose is a purplish red. Very fragrant.

Ophelia. This variety stands today as the best light pink Rose ever offered. It is a salmon-flesh-pink in color, shading to yellow at the base of the petals in the partially opened flower, and is very attractive. The real charm lies in the open flower which is to the Rose lover perfection in form and color. It is of easy habit, grows well, and produces well.

Premier. A seedling of Ophelia and Russell. The flowers are of the Russell type and hold a clear pure shade of rose-pink throughout the season. It is a free, easy grower. The stems are stiff and almost thornless. Ample foliage.

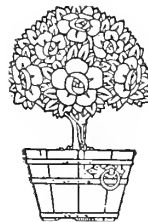

Priscilla. One of the finest hybrid tea roses. The bud is very large and somewhat pointed. Color is a lovely bright rose-pink. Very fragrant.

White Killarney. More double than Pink Killarney, and the flowers are pure waxy white, produced singly on strong upright stems.

\$1.00 each.

One dozen for \$9.00. One-half dozen for \$4.50.

These Roses are strong 2-year-old plants. Field grown. Delivered in April while dormant. Will bloom in June lasting until frost, and sometimes after.

We grow over 600 varieties including many of which we have only a limited stock or sold so low at the shows and on the fields that there is not enough left to offer in this catalogue and still we could fill a few orders for them.
